Great Showing Made By Co. Treasurer Bradford This Year.

[SPECIAL TO THE TIMES.] CROWN POINT, IND, June 1-The day force of six deputies and the night force of twelve in County Treasurer Raigh B. Bradford's office have just finished the most tremendous tax rush in the history of the county. In spite of the fact that the treasurer this year had 27 institutions collecting taxes over the county. The rush at the window was so terrific the last two weeks of the rush that it was impossible to work out any of the big cheeks that came by mail, so that when the crowds had cleared away on the last. day, and the big crew of cleras attacked the accumulated pile, it was found that the enormous sum of \$1 .-221.455,89 was piled up in the vaures. for all of which receipts had to be insued, the books marked paid and the money banked in the 34 county depos-

GREAT SUMS ARE HANDLED The amount piled up on the last day a year ago amounted to a little over \$196,000, only about one third the big stack of this year. The new treasurer therefore has handled three times the work of a year ago, and yet will be able to turn over the books to the auditor for the semi-annual settlement as promptly as they were last year,

Treasurer Bradford has had a tremendous responsibility in banking the PICKANINNIES SEE weeks, for besides putting over \$1,-200,000 in the banks during that time. so that each bank had their proportenate share, he has made advanced payments to the Gary schools of \$250 .-000, most of which went directly to the big Gary banks to pay off loans the Negro Kills Woman and his auto. 5 P.M. NEWS G. O. P. National Chairman FLASHES

WILL H. HAYS.

As head of the party organization of the country, Chairman Hays. will call to order the Republican National Convention in the Coliseum at Chicago, on June 8th. It is expected that this will be one of the greatest political gatherings in history and the demand for seats is unprecedented. Mr. Hays has been chairman of the committee since February 18, 1818, and since then has devoted his whole time to organization work, with the result that the party is admittedly in better shape than ever before at convention time in a presidential year. Whoever the nominee, it is inken for granted that Chairman Hays will manage the campaign, as all of the candidates have so announced.
